## **SUBJECT: Declaration of conformity to the REACH Regulation**

Eterno Ivica S.r.l. guarantees that all products comply with current regulations regarding environmental safety and health protection of the operators involved.

In accordance with the EC Regulation n. 1907/2006 (REACH Regulation), our company under REACH must not register anything since no new substance is generated during the transformation process.

Eterno Ivica S.r.l. purchases all the raw materials that make up the "preparations" from qualified suppliers and carries out a verification of the documentation of the raw materials purchased so that they comply with REACH.

To achieve REACH compliance, it has taken the following actions:

- requests all suppliers a REACH declaration of conformity and a guarantee of all pre-registered affected substances.

Furthermore Eterno Ivica S.r.l. ensures that the articles supplied do not appear to be:

- substances subject to restriction on the use or the placing on the market included in the Annex XVII of the REACH regulation.
- "highly problematic" substances (SVHC) present at a concentration > 0.1% weight. (referring to the "Candidate list" of SVHC substances subject to authorization as defined by ECHA - list updated on 23/01/2024).

Eterno Ivica S.r.l. will regularly inform its customers about new developments related to REACH.

This information applies to the finished product, as leaves the Eterno Ivica S.r.l. warehouse. Does not cover any subsequent alterations made by users.

Sincerely

Eterno Ivica srl
